

FINAL ROUND INTERVIEW
June 24, 2018

JERRY KELLY (-14)

Q. Jerry, I know a nice little up-and-down there on 18. I'm sure you would have liked that putt to go at 17, but how important is this event to you and the state of Wisconsin?

JERRY KELLY: I mean, it means an awful lot. When we lost the GMO, that was quite a blow. So been working hard to get something back ever since, and Steve and Jack Salzwedel, American Family stepped up, have done a really great job growing this event.

Q. I know besides the majors this would be really high on your list. Scott McCarron's playing the last hole and he's at 15 under, so the waiting begins, but you played a really nice, nice golf tournament.

JERRY KELLY: Yeah, I played solid. Just obviously the last shot on 18 and those two-putts, both of them were uphill and looked downhill to me. My caddie, Eric and I, beat Jenny and Scott over at Maple Bluff Country Club earlier this week, beat them out of five bucks. I should have thrown that match.

Q. You know what payback is?

JERRY KELLY: Yeah. I can't say it.

Q. Well, good playing and we'll just wait around and see what happens.

JERRY KELLY: Absolutely.
