

Payments and Fintech - PayU

Building a world without financial borders where everybody can prosper.

“The world of payments is becoming increasingly digital and we are proud to be leading in this transformation by connecting consumers and merchants online – quickly, securely, seamlessly – across high-growth markets around the world.”

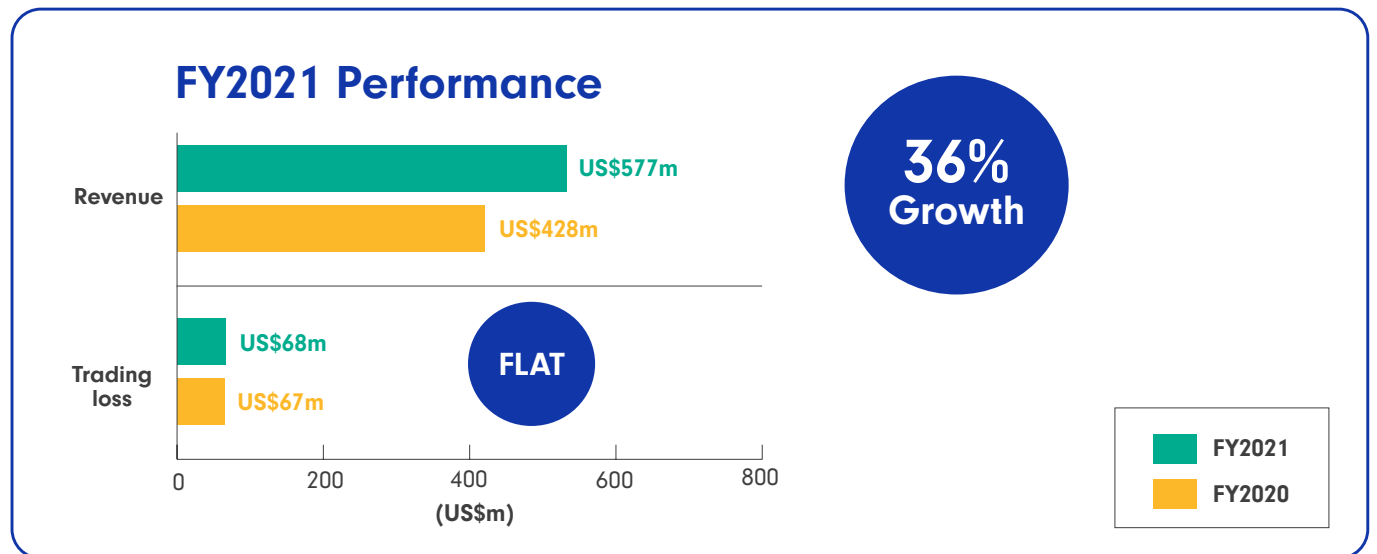

Laurent Le Moal
CEO, PayU

Prosus’s payments and fintech business, PayU, is a leading payments and financial services group, focused on 20 high-growth markets across **India, Latin America, Southeast Asia, Central and Eastern Europe** and **Africa**.

Our focus is increasingly on India, where we aim to be one of the country’s leading digital payments providers, and are scaling our presence into the massive payment and fintech opportunity as consumers shift to online. We are also building a comprehensive ecosystem around our local financial services franchises.

Outside India, we are determined to be a leading payments company, competing successfully in existing markets and expanding into new growth markets.

¹ 5 year revenue cumulative annual growth rate (CAGR).

² The estimated market valuation is calculated based on estimates derived from the average of sell-side analysts covering Prosus for stakes in unlisted assets and post money valuations on transactions where analyst coverage is not available.

Payments and Fintech - PayU

FY2021 Performance

Payments and Fintech reached a new level, driven by the pandemic-fueled acceleration in the adoption and use of digital payments across our core markets. Global Payments Operations (GPO) delivered volume growth of **51%**, with strong performances from Latin America, Poland and Romania. In our core market of India, volumes grew **42%** year on year (in local currency, excluding M&A). Our core payments service provider (PSP) business was profitable for the third year running, increasing trading profit by **150%** to **US\$15m**.
